

Ethics in Wonderland

Does it seem that “ETHICS” has fallen down a rabbit hole,
and is wandering in Wonderland, where nothing makes sense?
How can we bring it back?

Garden of Ethical Inspiration

“Ethics in Wonderland Tea Party”

is a program that aims to show that people of different views can have a civil and productive ethics-centered conversation even on controversial issues.

This will allow us to address problems we all face, and find solutions that benefit us all.

Would that be good for our society?
